Rick And Morty Volume 1 (Rick & Morty Tp)

Synopsis

Rick and Morty is fun and hilarious and all those things that you really want from a comic... - Newsarama The hit comic book series based on Dan Harmon and Justin Roiland's hilarious [adult swim] animated show RICK & MORTY is now available in its first collection! Join the excitement as depraved genius Rick Sanchez embarks on insane adventures with his awkward grandson Morty across the universe and across time. Caught in the crossfire are his teenage granddaughter Summer, his veterinary surgeon daughter Beth, and his hapless son-in-law Jerry. This collection features the first five issues of the comic book series, including "The Wubba Lubba Dub Dub of Wall Street," "Mort-Balls!" and more, along with hilarious mini-comics showcasing the whole family.

Product Dimensions: 6.5 x 0.5 x 10.1 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (72 customer reviews)

Best Sellers Rank: #11,359 in Books (See Top 100 in Books) #24 in [Books > Comics & Graphic Novels > Fantasy Graphic Novels](#) #29 in [Books > Comics & Graphic Novels > Graphic Novels > Science Fiction](#) #33 in [Books > Comics & Graphic Novels > Graphic Novels > Media Tie-In](#)

Customer Reviews

Let's face it: a lot of hit animated shows get a comic book version. This one is pretty much par for the course. It's sort of like the TV show. Just so long as you don't look or think too deeply. Rick and Morty - the show - is currently my absolute favorite thing on TV. It's smart, it deals almost effortlessly with some of the great "absolutes" of literary fiction, and it's rolling in the aisles funny. This book... is the "Uncle Steve" version of Rick and Morty (you'll get that reference if you've seen season two, episode four of the show). The deeper layers of meaning aren't quite there, and when this book does try to put them in, to be honest it just feels like they're painting by numbers. Zac Gorman, who gets the writing credits on this one, isn't quite up to the standard of the people who did the writing for

the show. As a result, this whole thing has a definite "B" feel to it. Now, don't get me wrong: A "B" isn't bad. This book made me laugh. Often. If you expect no more from it than that, I think you'll enjoy it. Just don't let it infest your brain, okay? It is a definite notch down from what we get on TV. Theo.

Just buy this book, okay? Well, if you're a Rick and Morty fan, which I'm assuming you are. I assume everyone is. Sometimes I assume wrong, but then I pretend like you are anyway, so it all works out. The characters are very true to the show, and stuff happens that is pretty amusing and stuff.

For those who might be fans of Rick and Morty and want to buy this, PLEASE keep in mind that the Rick and Morty TV universe is different than the comics' Rick and Morty (think Marvel's Cinematic Universe and Marvel's Comic Universe.) Due to the fact comics only have so many pages, the story feels rushed at times. Some of the jokes fall flat just due to the fact you can't hear Rick's sarcastic and constantly bored voice or Morty's naive unsure voice. The art style(s) all are pleasing to my eyes, but please keep in mind that it changes often. Some people may find this jarring or find that it may ruin the feel. Overall, if you're a fan and just want something to hold you over til season 3 debut in December you should buy it. Just keep your mind open and don't expect all the jokes to hit like they do in the show.

This was pretty much exactly what I wanted out of a Rick & Morty comic, although it's clear it hasn't QUITE found its groove yet, and it hasn't had enough time to explore some of the more complex aspects of the characters. Like the show, however, it is primarily goofy and intelligent, but with a few dark moments. It doesn't shy away from having some warmth, but it isn't heavy-handed with it. The dialogue is almost perfectly written, and you can hear the characters speaking in your head VERY easily. If I had one major complaint, it would be the story pacing.. since pacing is a big part of the comedic timing that makes the series (and the comic) so good, it's hard to pace the adventure in a manner that lends itself well enough to the comic page while still maintaining that. That aspect of things does get better in later chapters here, however, so I'm optimistic that as the series continues it'll be ironed out. Looking forward to future R&M installments for sure!

Some other comics I've read had a difficult time keeping the same feel as the tv show they're based off. This is the exception. It felt like the show but in comic form. I could read the dialogue and hear

the characters speaking in my head. If you're dying for more Rick and Morty content and like comics, pick this up.

This comic is great. It mimics the atmosphere of the original show very well, although it's missing the cosmic-horror-like feeling each episode has. The comic is canon (sort of). The TV show features Rick C-137 while the comic stars Rick C-132. So they're within the (infinite) multiverse. Each issue is hilarious and creative just like the show but it lacks... something. It just isn't the same. It also doesn't add much to the lore of Rick and Morty aside from the labyrinth (which is a miniscule lore piece). All in all, this comic is 4.5/5. Great for anyone familiar with Rick and Morty.

My husband is a big Rick and Morty fan, and I happened to notice someone reading this in the city. I quickly looked it up and found it on Amazon for the best price. He didn't even know there was a comic and he was thrilled. When I asked how it was, he replied between laughs "it's [****] great." If you're a fan of Rick and Morty, this is right up your alley. Just as entertaining as the cartoon.

Get your Rick and Morty fix here folks!!!! Wubba lubba lub dubs!!!!!! It felt like the show in my hands. As close as you can get to animated characters. They don't even need to pay the actors for this little gold mine. Come one, Come all. This is a must read for fans. Girlfriends buy this for your lover. Boyfriends you do the same. Grandma, what are you reading this for?!!! Oh, little Jimmie will love it. Give it a go.
