My 2 1/2 daughter absolutely loves Caillou. The story lines of these books are just like the TV show. She insists we read these every day and I am happy to oblige because she isn't watching TV, but she is still enjoying Caillou. That being said, one book in particular has caused us some problems. The book titled "What's That Funny Noise". If you have a child like mine with a very intense imagination, this may cause a sleep problem like it did for us. In the book, Caillou keeps hearing a noise and calls out for his Mommy and then his Daddy and then they both have to come to his room

to investigate the noise. The noise turns out to be the cat, Gilbert, hiding under the bed in a paper bag. Well that's all fine and my daughter knows it is just Gilbert, but now she has been calling out for Mommy and Daddy in the middle of the night and has trouble going back to sleep. She talks about the book all the time and pretends we are "scary, scratchy monsters". I even tried hiding the book, but she keeps asking for it. Anyway, had I known this was in there ahead of time, I would have taken that book out of the pack and hid it away. All the other books in this box are wonderful.

This is the series that has the same kind of illustration from the Television series. I think the publication date should read April 2011 like the Caillou My Storytime Box. Shipper came a day earlier than expected, (arrived perfect on Valentine's Day). My daughter absolutely loves Caillou, and although she can't read yet, she will sit and pretend to read, remembering the same stories from the tv show, and narrate it herself.

And these books are perfect for him. Since my two year old thinks that Caillou is the best thing since jumbo meatballs, I ordered this set for him as a Christmas gift. It comes with six books- Dress Up With Daddy, What's that Funny Noise?, Caillou and Gilbert, Caillou Sleeps Over, The Circus Parade, and Caillou Goes To Work. It comes in a little plastic/cardboard carrying case with a Velcro enclosure. He loves taking the books out and putting them back in and so far it has held up well to that kind of treatment. The stories are interesting and not too long. This particular Caillou is the one drawn from the tv show, as opposed to the original Caillou storybooks. My son does not care which Caillou is used, but I know some kids are particular. This is a great deal for six books! I ordered the other boxed set as well. Highly recommend if you have a little one who is addicted as well!

We loved this set of bedtime stories. Nearly impossible to find in stores so convenient to find as set. Great quality and all Favs of my 4 year old!

First, It's my fault that I took too long to return this wrong item (more than 30 days). This was part of a baby shower present. I noticed there were two of basically the same item, the difference? The one I specifically purchased is pictured above, the majority of the cover is blue. If you notice the picture I uploaded Caillou is sleeping and in the top right-hand corner is a yellow triangle saying "only \$11.99! A \$23.70 value. It's not a sticker either, it's a part of the actual cover. Is this something you would like to be a part of your baby shower gift? Nope. I saw both for sale, and I specifically chose the one without the advertisement as shown above in my order. My 18 year old son grew up with

Caillou as his best friend. I thought it only fitting to give this to his best friend's first son. Now I'm going to try and order the original one I wanted (from a different seller), and if any of the books are different, I'll just try and combine them if they fit.

was hoping that these were actually board books but turned out to be paper copies; but grandson was still thrilled and begs his mom to read these books frequently

My son loves Caillou and this book collection makes a wonderful addition to his Caillou collection. The only thing is, this is called a Bedtime Story box, I'm not sure I would read one particular book before bed. It talks about monsters and scary noises. Just use your best judgment, but he does love it!

Caillou...wow. So many of my friend's children as well as my 4 yr old grandson are easily taken into the discovery and teaching world of Caillou. The growing up lessons for toddlers and preschoolers are presented and resolved in a loving family atmosphere. And the issues/experiences are so true to their lives! If you've maxed out Sesamee & Mickey Mouse you might want to give the world of Caillou a try. There are DVD's as well as this series. Don't be surprised if you start loving it too. The art & graphics are delightful.
