Language: English

ISBN-10: 0689845081

ISBN-13: 978-0689845086

Product Dimensions: 9.8 x 0.4 x 10.5 inches

Shipping Weight: 4.8 ounces (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars [See all reviews](#) (134 customer reviews)

Best Sellers Rank: #64,239 in Books (See Top 100 in Books) #44 in [Books > Children's Books > Geography & Cultures > Where We Live > Country Life](#) #530 in [Books > Children's Books > Geography & Cultures > Explore the World](#) #2413 in [Books > Literature & Fiction > Contemporary](#)

Age Range: 3 - 7 years

Grade Level: Preschool - 2

## Customer Reviews

Do you remember being told as a child that some relatives (whom you didn't really recall) were coming to visit? If so, this book will evoke all of the trepidation and excitement of those days . . . not to mention the scattered inconveniences you experienced, that were quickly forgotten in oceans of warm acceptance. The strength of the book is in its illustrations, which warmly capture emotional closeness, like being tucked into bed by your Mom after a wonderful but tiring day. For those illustrations, *The Relatives Came* won a Caldecott Honor Award in 1986 that is well deserved. The images are very happy, soft and fuzzy all at the same time. The illustrations look as though they were produced with pastel pencils using very fine points, constantly sharpened. With rounded faces and bodies, everyone seems very open and comfortable in hospitable surroundings. I have rarely seen a book that sets a better illustrated tone for a friendly family gathering. It caused me to recall my favorite family reunions. The story is not as strong as the illustrations, but is more than adequate. One part of the family lives in Virginia and is leaving before the grapes are ready to be picked. They get up at 4 a.m. and drive straight through in a food and luggage packed station wagon. They leave

the same way, weeks later, after having spent a happy summer camping inside the relative's house they visit. The initial nervousness and homesickness give way to missing their relatives, based on the happy times they share together that summer. The solution? Do it again next summer! The story is designed to pick up on the physical aspects of closeness, and use those to convey a connection to emotional closeness. For people who are kinesthetically oriented, this story will be gripping and realistic.
