## Customer Reviews

My 2nd grade daughter and I enjoy this book. It's simple, to the point, and has beautiful pictures that engage her. It's a nice supplement to her R.E. class.

The words are clear and easy to read and understand, assists with repetition from activity book. pictures are very helpful

Please see my review for book 3 in this series. This is a very good series for children of all ages because it is based around the scriptures.

The first book in this series has gorgeous art. This one doesn't. I will continue to purchase the books in this series for the literary content, but I was disappointed by the quality of art in this volume.
