A good book. This book is written to be a somewhat more pedestrian read, which is appreciated when diving into something as foreign to the average modern as the Old Testament is. This book has relevant pictures, and reads surprisingly quickly considering it is perhaps best described as an "academic" book. All in all, a highly recommended read for the new OT/Bible student.

I thought I was buying the actual old testament but it's like a textbook Instead..the cool feature is that it gives background info about historical events

This book is accessible and clear and places the text of the Hebrew Bible in its historical context. I highly recommend it for anyone interested in truly understanding this part of the Bible.

Love this book. For old testament study it is the best I have seen & easy to use as a study guide.

Quick delivery and the item is of v good quality.
