## Customer Reviews

I purchased this book for a friend's child. It turned out to be a beautiful book and perfect for reading to your child. (Make sure they're sitting on your lap so they can learn the alphabet and enjoy the pictures.)

We love this series of books to commemorate our trips around the country. It also makes a great gift for the kids when I travel for work. Since my kids are pre-school aged the rhymes are great for them now, but the greater detailed inserts will be good for them as they grow (and are great for me to learn about the state as well).

I highly recommend this book for guests coming to D.C. for the first time especially! It always gets high marks from the recipients and their families. It's also a great baby gift where parents once lived and/or worked in D.C. Beautifully illustrated and full of wonderful facts. I give it five stars -- although my computer won't cooperate and it seems to only be getting two from me!

This is yet another piece of beautiful work from the writers/publishers of the alphabet series based on each state in the United States, including Washington D.C. I have several different editions and love them all. This is a wonderful introduction to our nation's capitol.

My daughter in law got one of these for Christmas - From Michigan where she grew up, and we really liked the illustrations, so I ordered 3 more for other places we have lived. Very nice

Given as a gift for a baby born in DC. The book is fantastic. A book that he will have forever. His mom loved it as well and said she will definitely be buying them for her friends.

Book arrived in perfect condition. My granddaughters cannot wait to go to Washington. They have already picked where they are going to visit.

I got this for my daughter who teaches elementary school just outside of D.C. She's very excited to use it in her classroom.
