## Customer Reviews

We bought this book for my son for his 13th birthday. We were wondering if it might be too "kidish", but not at all. There are tons of cool facts for kids, plus the photography was excellent. He couldn't put it down the first few days he had it. The entire family enjoyed it, an excellent choice for any football fan. Great Book!

I have 6 men in my house: 5 sons, ages 18, 16, 12, 8, & 6, plus my husband. This book was a birthday gift for my 12 year-old but every time I turn around another one of my sons, or my husband,

is looking at it. It's great because it's not a book that you have to sit and read long written pages. There are 36 top 10 lists of different aspects of football, from best hairstyles to best rivalries. The boys quiz each other to see how many things on the lists they can guess. I even found myself looking through it and I don't even like football. One of the best parts of the book are the great pictures on every page, so when you're done reading all the lists you are left with a book of great picture memories of the game. Although the cover says it's from "Sports Illustrated Kids", I recommend this book for anyone with football fans in their home, young & old.

I purchased this book for our elementary school library. The football books are always in big demand by the boys. This book has captivating pictures and facts. Some of the Top Ten Lists chapters include Rivalries, Team Name Backstories, Wacky Weather Games, Technical Innovations, Stadiums, Colorful Personalities and much more! I don't think you can go wrong with this for any football fan!

My 9 year old son got this book for Christmas. He is very into football, and this was a huge hit with him. He looks at the book every day. It has great football facts, and great pictures too!

This book is wonderful for any NFL fan! I purchased it for my 7 year old son who has just recently discovered the NFL. This book has many interesting and fun lists and it has helped my son to learn about past NFL teams and players. A must have for any fan!

Bought this for my 12-yr-old football fanatic. He has gotten a bit hard to pull away from the video games. He loved the categories, the layout for the lists, and read it straight through! Was a great find.

My 9 year old son is not a big reader. However, he has read this book daily for 3 months! What a hit!

My 9 year old son received this for Christmas and is very happy with it. He says, "I've learned things I didn't know before." Good pictures!
