Our mom's group at church read this book together and we really enjoyed it. The book is divided into 6 weeks with 5 daily studies for each week. The daily studies are short but insightful, which is great for busy moms. I would definitely recommend this for a small group.

Such an AMAZING study. Definitely in my top three. So far, nothing but scripture based daily study. LOVE and recommend to every women, mother or not.

3.5 Stars Beautiful Mess, is a bible study for the busy and often overwhelmed mom. I do think many small groups would enjoy and benefit from this study. I did not rate it higher because it was not really what I was looking for and I had hoped to get more out of it. I had previously finished *Walking with God in the Season of Motherhood* by Kruger, and I was looking for something more along the same lines. (Which I highly recommend!) This study is very focused on the mom and asking thought provoking questions. There are personal stories, scriptures and other benefits to the study. I did like it and I can recommend it. However, if you are wanting a more scripture focused study this might not be the one for you. While you do study scriptures and how to apply them, I felt it was more mom

circumstance/growth driven than scripture driven.

Did this book online with a group of women doing a bible study. It seemed like the book was geared towards people with older children involved with sports, and homework etc. I still was able to use the book, but my son is only 2 and some of the "mom" topics didn't really pertain to me.

This is an amazing book all mothers should read. I loved the daily devotionals, not only did I feel I was growing closer in my relationship with God but with my children. I will be leading this as a Bible study for stay at home moms in the near future!

It's not bad or anything, just not the best devotional I've read. I felt like the topics could have been explored a bit more than they were and over all I found myself wanting a bit more out of the book than I got.

Our moms bible study picked this after watching Mom's Night Out. This is an amazing study! Mommyhood is messy, stressful and often leaves you questioning if what your doing is right or even good for your kids. This will have you turning all your worries to God and making the most of your time with your kids.

I'm only about half way through this bible study, but it's been really good. If you saw the movie "Moms Night Out" and can relate to any of the characters YOU SHOULD GET THIS WORKBOOK! It's a daily devotional type of study and asks thought-provoking questions. The author is relatable and easy to read. During this bible study you will laugh, you will cry, and you will close the book knowing that you're not alone in this adventure we call motherhood.
