Customer Reviews

I bought all of her books, and read them from time to time. Affirmations are very useful- if you are already in the feeling place of having what you want. Secrets of the Richest Man Who Ever Lived covers similar ideas. I find that The Power of Your Subconscious Mind, The Neville Reader: A Collection of Spiritual Writings and Thoughts on Your Inner Power to Create an Abundant Life, Saving the World using the Law of Attraction: It always begins with a small group that starts talking, The Reality Creation Technique, Benevolent Magic & Living Prayer, also help to flesh out what she talks about. These are a lot easier to read than the classic New Thought books. You have to get out of your head, and into your heart. You cannot create from your head. You have to get the "flow" started, to see anything happen, this is why tithing works.
