# The Cna Study Guide

## Synopsis

A comprehensive update to the bestselling Novell's CNA Study Guide, this guide covers the complete NetWare 3 CNA program and provides a headstart towards the exams needed for the higher CNE credential. Includes a complete set of simulations--all of which will run on a student's stand-alone computer--covering NetWare servers, workstations, router installations, and practice questions for the CNA test.

## Customer Reviews

The crossword puzzles seemed a little off, but I can't complain since I passed the CNA exam immediately after reading this book and taking the practice exams provided on the CD. It was enjoyable reading and sometimes even funny. Perhaps that is why I was able to learn instead of sleep.

without the cd this book is worthless. the book is in excellent condition, but cant study without the cd. thanks for nothing. moss family

If there's any useful information here, it's difficult to find. There is nothing but fluff, bad jokes, and lame analogies. The author never gets to the point. His writing style is nauseating. Save your money
