# Church Meets World: Church's Teachings For A Changing World: Volume 4

## Synopsis

The New Church's Teaching series has been one of the most recognizable and useful sets of books in the Episcopal Church. With the launch of the Church's Teachings for a Changing World series, visionary Episcopal thinkers and leaders have teamed up to revitalize the series with fresh voices and style, making it grounded and thoughtful enough for seminarians and leaders, yet concise and clear enough for newcomers. A leading thinker and vibrant presence at the intersection of church and world, Winnie Varghese explores the "what," "how," and "why" of Episcopal engagement with contemporary social issues. Like the master of the household in Jesus' parable (Matthew 13:52) who "brings out of his treasure what is new and what is old," Varghese leads readers to discover theological resources from generations past and how they help to guide our action around thorny issues like racial justice, gender and sexuality, economic disparity, definitions of "family," the environment, and much more.

## Customer Reviews

This book is a great, practical teaching tool for the church, especially one just meeting the Social Gospel. While not too deep, the author offers a diversity of resources and/or references that can be further explored by the curious mind. While I understand the need for keeping the book concise, she did make a few theological and historical leaps without sufficient explanation or citation.
