Windows 8.1: Text

Synopsis

Windows 8.1 teaches students how to use computers equipped with the powerful, new Windows 8 operating system. This text features systematic descriptions and illustrations to cover the fundamental concepts and procedures for managing files, securing and customizing a computer, and more. Students can use this book without prior knowledge of computer operating systems and will become proficient computer users.* Step-by-step instructions present clear training.* Covers new or enhanced features of the new operating system.* Within-chapter and end-of-chapter exercises reinforce steps, help students apply knowledge, and test problem-solving skills.

Customer Reviews

Don't upgrade to Win 8. Stay with Win 7 or try to upgrade to Win 10 if you can. Win 10 will not work on many computers.

Good text. If you like the step by step method of learning, this is your book. Lots of pictures too.

Great sale, thanks.
