Age Range: 8 - 11 years

Grade Level: 3 - 6

Customer Reviews

I read the books from this series to my fourth graders. They absolutely love the hilarious descriptions by the author. The content helps make something abstract seem tangible and concrete to them. Great series.

My 8 year old daughter was having a hard time conceptualizing life in the colonies from some of her history books. This helped in a very funny and entertaining way!

My middle schoolers love these books.

A must read for students learning about the American Colonies. The illustrations and irreverent look of colonial experiences is worthy of the read.

Love these books and the way they bring historical events to students in a way they understand!

A fun read for the students to learn about the "fun" facts of this point in history.

I expected this to be more pages but it's a good book.
