An Introductory
Guide to R/3
Navigation and Use

Getting Started with SAP R/3
Synopsis

This book introduces you to the intricate world of SAP R/3. By establishing a learning environment of ease and practicality, Getting Started with SAP R/3 effectively explains how to use SAP functions and, more important, when and why to use them. Through a direct, results-oriented approach, you will gain immediate understanding and confidence not provided by other "how-to" resources. With each lesson building upon the others, you are quickly able to use R/3 functionality in a meaningful and productive manner. --This text refers to an out of print or unavailable edition of this title.
