## Customer Reviews

In very clear language the Gift of Baptism helps parents and those who are working with parents who are preparing to have their child baptized, this easy to read book helps parents understand the importance of and the meaning behind the Sacrament of Baptism. Following a user friendly format the reader is introduced to the key theological concepts of baptism, walking the reader through the history of the sacrament offering practical helps for parents and Godparents as they approach this important stage of their child's life. I recommend this book as a must for all those who take my baptism and Godparent classes, or for anyone who wants to understand their faith a little more.

I ordered this for my daughter who is considering whether to baptize her child or not. The writing is very clear and easy to understand and it gives a good message about what Baptism is about and what the Church teaches about it.

The best short briefing I have seen.
