This summer, having taken a course on the History of Spirituality, I had occasion to study Walter Hilton's *The Scale of Perfection*. In perusing it, I was struck by the fact that for a text of its time and the depth of its topic, it was eminently readable. One commentator described it as belonging to the Handbook Tradition of Spirituality. Before taking the course, and while doing my other assigned readings during it, I was reading a thoroughly contemporary work by Neal Lozano entitled "Unbound: A Practical Guide To Deliverance". Having completed my first reading of it - it is a book which bears reading again and again - I decided that this book, though different from *The Scale of Perfection* in several ways, is also eminently readable and even more practical than Hilton's classic. I would suggest that "Unbound" may well become a classic in its own right, and here is why I think that. Neal Lozano articulates and renders concrete an extremely important aspect of Christian spirituality, being freed from the restraints and hindrances of evil, specifically, the demonic. Now before you begin imagining scenes from Hollywood horror films, let me assure you that Lozano's book on deliverance is the very opposite of what many in 'pop culture' imagine such a book would be. "Unbound" is centered not primarily on evil but on Christ. It is balanced, nuanced, eloquent and written to inspire not fear of the devil but hope in Jesus and the "fullness of life" offered by Him. The

author not only brings to bear his lucid grasp of Scripture, theology, psychological factors and the human capacity for self-deception, he writes also out of his impressive experience in ministering to people locally, nationally and internationally. His recognition of the reality of evil is realistic and informed by genuine faith.
